

Child protection policy.

"As a registered childminder I have a duty to protect all children in my care".

Children within my care are under our supervision at all times no other persons will ever be left alone with the children,
The protection and safety of the children is our paramount concern.
If I should suspect any child abuse I have a procedure that I will follow;

- (1.) At all times I will keep records of accidents, injury, incidents and concerns
- (2.) Any concerns I have will be discussed with parents unless I felt the child was in immediate danger.
- (3.) If I felt there was a serious problem I will contact the child protection team;
08450762 6777 / 01843 860000 and gain the advice I needed from them.
- (4.) At all times I will respect the families' confidentiality and all records are kept confidentially and locked away.
